Minimum Advertised Price (M.A.P.) Policy

Our company is committed to maintaining the integrity of our brand and ensuring fair competition among our authorized dealers. To achieve this, we have implemented this Minimum Advertised Price (MAP) Policy.

Policy: 15% below MSRP

M.A.P. Price: Authorized dealers are required to advertise our products at or above the Minimum Advertised Price (MAP) specified for each product.

M.A.P. Enforcement: Our company reserves the right to monitor advertised prices of our products through various channels, including but not limited to, online advertisements, print media, and promotional materials.

Consequences of Violation:

- First Violation: The dealer will receive a written warning and will be required to immediately correct the advertised price.
- Subsequent Violations: Continued violations of the MAP policy may result in the suspension or termination of the dealer's authorization to sell our products.

Exceptions: Exceptions to the MAP policy may be granted in writing by our company on a case-by-case basis. Such exceptions will be valid only if explicitly approved in writing.

Policy Modifications: Our company reserves the right to modify, suspend, or discontinue the MAP policy at any time without prior notice. Any changes to the MAP policy will be communicated to authorized dealers.

Conclusion: By adhering to the Minimum Advertised Price (MAP) Policy, our authorized dealers contribute to maintaining the value and reputation of our brand. We appreciate your cooperation in ensuring fair competition and protecting the interests of all parties involved.

Shipping and Return Policy

We can ship to virtually any address in the world. There are restrictions on some products and some products cannot be shipped to international destinations. Mabru Power Systems, Inc. is not responsible for products shipped and detained at customs due to international regulations. When you place an order, we will estimate shipping and delivery dates based on the availability of your items and the shipping options you choose. Shipping charges can fluctuate daily, and estimated costs are not a guarantee of final charges. Mabru Power Systems, Inc. is not responsible for delays in shipping or costs associated with rerouted packages or storage fees due to undelivered items. Import duties, taxes, and charges are not included in the item price or shipping cost. These charges are the purchaser's responsibility. Please check with your country's customs office to determine what your additional costs will be prior to buying. Do not accept visibly damaged packages from carriers. Refuse the delivery due to damage and contact Mabru Power Systems, Inc. Acceptance of visibly damaged packages will become the responsibility of the customer, and a claim will need to be filed with the carrier for reimbursement. Mabru Power Systems, Inc. is not responsible for damage incurred during shipping. The customer accepts the risk of lost or damaged products during the shipping process.

Shipping Units for Repair Service

Customers must first contact Mabru Power Systems, Inc., and Mabru Power Systems, Inc. will review all details and reasons for shipping a unit to Mabru Power Systems, Inc. for service. The customer will then be given an RMA number. The customer will be responsible for all shipping charges. The customer will be responsible for all fees incurred due to shipping. The customer will accept all risks and costs associated with shipping. Mabru Power Systems, Inc. recommends purchasing insurance on all shipments to Mabru Power Systems, Inc. due to potential loss or damage during shipping. Mabru Power Systems, Inc. is not responsible for damage incurred during shipping. Customers accept the risk of lost or damaged products during the shipping process.

***Please see the guide for shipping to Mabru Power Systems, Inc.**

Returns

You may return most new, unopened items within 30 days of delivery for a full refund less a 25% restocking fee: No Exceptions. Do not accept visibly damaged packages from carriers. Refuse the delivery due to damage and contact Mabru Power Systems, Inc. Acceptance of visibly damaged packages will become the responsibility of the customer, and a claim will need to be filed with the carrier for reimbursement. If a product is found to be damaged after it is opened, customers should contact Mabru Power Systems, Inc. within 72 hours to report it. Photos of the box and areas of damage will be required and Mabru Power

Systems, Inc. will review the next steps. If the product is found to be defective, the customer may receive a refund of return shipping at Mabru Power Systems, Inc.'s sole discretion. The customer will be responsible for return shipping charges and a refund will be granted only after the product is received and examined by staff for prior use or damage. The customer will accept all risks and costs associated with return shipping. Mabru Power Systems, Inc. recommends purchasing insurance on all returns to Mabru Power Systems, Inc. due to potential loss or damage during shipping. Refunds will be applied to the original form of payment unless otherwise agreed upon by both parties. Mabru Power Systems, Inc. is not responsible for damage incurred during shipping. Customers accept the risk of lost or damaged products during the shipping process. If you received the incorrect product due to Mabru Power Systems, Inc.'s error, return shipping will be refunded and the item replaced. You should expect to receive your refund within four weeks of giving your package to the return shipper, however, in many cases, you will receive a refund more quickly. This time period includes the transit time for us to receive your return from the shipper (5 to 10 business days), the time it takes us to process your return once we receive it (3 to 5 business days), and the time it takes your bank to process our refund request (5 to 10 business days). On returns of all electronics, serial numbers must match with the serial number of the product originally shipped and will undergo inspection; if serial numbers do not match, a refund will not be issued.

*Please see the guide for shipping to Mabru Power Systems, Inc.

Lithium Battery Returns

Mabru Power Systems, Inc. will not accept lithium battery returns unless otherwise agreed upon prior to returning shipping. Customers must first contact Mabru Power Systems, Inc., and Mabru Power Systems, Inc. will review all the details and reasons for return prior to return shipment. Mabru Power Systems, Inc.'s goal will be to troubleshoot possible issues

with the battery which may include a third-party technician prior to offering a return option. Customers should keep their original packaging in case of possible return. Lithium batteries should be shipped in their original box and packing materials to ensure proper marking and safety. If a return is approved by Mabru Power Systems, Inc., customers must ship their package through a facility certified in shipping hazardous materials, such as FedEx or UPS. Please check with your local shipping facility prior to shipping to ensure they can ship large stand-alone lithium batteries. Mabru Power Systems, Inc. recommends purchasing insurance for all returned items in case of loss or damage during shipping.

Customers CANNOT return damaged lithium batteries, no exceptions. Mabru Power Systems, Inc. will review the reasons for the damage and at its sole discretion determine a refund or replacement. Mabru Power Systems, Inc. will not accept visibly damaged boxes containing lithium batteries and the customer will be responsible for all fees incurred due to return shipping. Customers are responsible for filing a claim for the package(s) damaged during shipping.

If you do not accept and agree to this policy, return your products immediately prior to installing them, otherwise, it is considered confirmed you have accepted these terms and policies.

Battery Warning and Use Agreement

By purchasing ANY Mabru Power Systems, Inc. lithium-ion battery, the buyer:

- Assumes all risks associated with lithium-ion batteries
- Is responsible for reading all instructions and safety warnings before charging or use of lithium-ion batteries.
- Understands failure to read and follow safety instructions for lithium-ion batteries may result in fire, explosion, personal injury, and damage to property if used or charged improperly.
- Understands Mabru Power Systems, Inc. is not responsible for any personal injury or property damage caused by the negligence of these products and their applications.
- Will contact Mabru Power Systems, Inc. with any questions or concerns about the product and their applications.

Important Safety Instructions and Warnings

- Improper use, mishandling, or use of defective batteries may result in residual fluid leakage, fire, or explosion.
- Always follow the manufacturer's care and use instructions in compliance with all regulations and applicable laws.
- It is the user's responsibility to ensure that all equipment has the necessary protective circuitry (installed with the battery).
- Always store batteries in fireproof containers and charge in an isolated area away from carpets, wood, paper, and other combustible materials.

- Do not disassemble, crush, cut, puncture, short circuit, incinerate, or expose the battery to fire, water, extreme temperatures, heat, or cold.
- Do not use damaged, peeled, punctured, dented, or disfigured batteries.
- Do not use batteries in products that use high current.
- Do not store or put the battery in a container where the battery meets metal or cause a short circuit.
- Keep batteries out of reach of children and pets.
- Do not combine old and new batteries or varied brands (or types) of batteries.
- Do not construct your own battery charger or battery pack.
- Do not alter a battery or charger.
- Always use a smart charger with protection circuitry.

Lithium Battery Warranty

2-Year Limited Warranty. All claims must be filed with Mabru Power Systems, Inc. directly. The warranty does not cover any improper use or handling of batteries as described in the above safety and warnings. The customer will be responsible for shipping a replacement battery if the warranty is accepted. The customer is responsible for disposing of the original battery.

Shipping Guide

Customers must ship their package through a facility certified in shipping materials, such as FedEx or UPS. Please check with your local shipping facility prior to shipping to ensure they can ship large stand-alone packages. Mabru Power Systems, Inc. recommends purchasing insurance for all returned items in case of loss or damage during shipping.

How to Ship a Package

Step 1: Pick Your Box Use a box that's big enough to safely fit what you're sending. Use a sturdy box with enough room to add cushioning for fragile items and to prevent items from shifting.

Remember, size and weight determine the price.

Step 2: Pack your box to protect your contents and make sure the box arrives intact. Tape your box so that it closes flat on all sides without bulging and reinforce the flaps with 2-inch-wide packing tape.

Do not use cord, string, or twine.

TIP: Include a packing slip or a piece of paper with the destination address inside the box.

Step 3: Address your Package The address format for a box is the same as for envelopes. Write or print address labels clearly. Use ink that doesn't smear and includes your return address and zip codes for you and your recipient.

Use a permanent marker for handwritten addresses.

Step 4: Choose a Mail Service The best way to send your package depends on how quickly you want it to arrive and its size and weight.

There are several things to consider when choosing a shipping service.

- Package contents
- Destination
- Speed
- Shape, size, and weight
- Tracking
- Insurance
- Delivery Confirmation receipts

Shipping Labels

Postal labels show mail handlers and carriers the mail service and extra services you purchase. Be sure to match the label to the mail service you buy.

Shipping Insurance

For particularly valuable items, you can insure your package.

Step 5: Calculate & Apply Postage Correct postage helps your packages arrive on time. Shipping costs depend on several factors.

Make sure you're not underpaying on postage. When a package is sent without enough postage, it may be returned to you or the person receiving it may need to pay the difference.

By signing below, the dealer acknowledges that they have read and agree to abide by the shipping and return policy outlined in this dealer package.

Warranty and Return Policy

Return Policy

We accept returns of most new, unopened items within 30 days of delivery for a full refund. Return shipping costs will be covered if the return is due to our error (e.g., incorrect or defective items).

Please allow up to four weeks for the processing of your refund. This timeframe includes the following:

- **Transit Time:** 5 to 10 business days for us to receive the return from the shipper.
- **Processing Time:** 8 to 15 business days to process the return once received.
- **Bank Processing Time:** 5 to 10 business days for your bank to process the refund request.

To initiate a return, log in to your account, navigate to 'Complete Orders' under the My Account menu, and select the Return Item(s) button. You will receive an email notification once your return has been processed and a refund has been issued.

Owner's Limited Warranty Policy

1. Coverage

The Limited Warranty provided by Mabru Power Systems, Inc. ("Mabru") applies to the original purchaser ("owner") of Mabru-manufactured products or components ("Mabru products"). This warranty covers defects in material and workmanship under normal use.

If Mabru, at its discretion, determines that a Mabru product is defective within the applicable warranty periods specified in Section 4, Mabru will either repair or replace the product or refund the original purchase price. Note that labor charges for removal, reinstallation, or replacement beyond the covered Mabru product are the owner's responsibility. This warranty allows for up to one hour of travel time for the service dealer; any additional travel time will be the owner's responsibility.

This Limited Warranty supersedes all other express warranties and liabilities. A cash refund constitutes full and final satisfaction of all claims. Mabru is not liable for incidental or consequential damages, including damages to other products resulting from defects. Some jurisdictions do not allow limitations on incidental or consequential damages, so these limitations may not apply to you. Implied warranties, including those of merchantability and fitness for a particular purpose, are limited to the duration of this Limited Warranty. This warranty provides specific legal rights, and you may have additional rights depending on your jurisdiction.

2. Exclusions

The following are not covered under this Limited Warranty:

1. Failures due to improper installation, including non-compliance with Mabru's instructions or American Boat and Yacht Council ("ABYC") standards.
2. Failures resulting from abuse, misuse, accident, fire, submergence, or use contrary to instructions.

3. Failures due to lack of regular preventative maintenance as outlined in the Operator's Manual.
4. Alterations that impair the product's original characteristics.
5. Products not manufactured by Mabru.
6. Products used as integral components in products not manufactured by Mabru.
7. Additional labor charges for removal, reinstallation, or replacement beyond the covered product.
8. Travel costs exceed one hour for the servicing dealer.
9. Pumps with cracked heads, run dry, water-damaged, or with blown freeze plugs.
10. Gauge instrument calibration.
11. Exterior corrosion.
12. Water damage to components such as blowers, logic boards, and display heads.
13. Incorrect programming of displays.
14. Dirty condensers and/or evaporators.
15. Failures due to improper winterization.
16. Damage from improper return packaging or freight handling.
17. Replacement of refrigerant with unauthorized substitutes.
18. Environmental and/or recovery fees.
19. Welding and nitrogen fees.
20. Installation and application of Mabru products unless performed in-house by Mabru.

3. Warranty Service Procedure

To obtain warranty service, submit a completed Mabru Warranty Claim form. This form can be requested by emailing support@mabrumarine.com. Upon claim approval, you have the following options:

1. **Preferred Option:** Have a Mabru-authorized Servicing Dealer perform the necessary repairs. Contact Mabru Customer Service for recommendations or directly reach out to an authorized dealer.
2. **Second Option:** If no authorized dealer is available in your area, Mabru may authorize a local dealer, with Mabru assisting as needed.
3. **Third Option:** Send the product to Mabru's factory for repairs. Mabru will return the product within approximately three weeks, with shipping costs covered if the claim is valid and the product is less than one (1) year old.

For warranty claims, contact Mabru Customer Service to confirm if the product was defective. Repairs will use only authorized Mabru parts. Mabru does not authorize third parties to create warranty obligations. Legal action to enforce the warranty must be initiated within 90 days after the warranty period's expiration.

4. Warranty Coverage Period

The warranty period commences from the date of possession by the original owner if installed by the OEM, or from the date of installation if installed by a dealer. This warranty period will not exceed the maximum duration from the date of the initial sale.

The warranty is transferable and will carry any remaining coverage based on the original purchase or installation date. Please note that warranty coverage does not reset following repairs or replacements.

Please be advised that international shipping charges, duties, and VAT are not covered under this warranty. For domestic shipping, Mabru Power Systems will cover standard shipping costs up to \$250 for the first year of the warranty. This coverage includes both return and shipment. Please note that Mabru Power Systems will not be responsible for storage, returned shipment fees, or any additional charges beyond the standard shipping amount.
